Dear Mark:

This will confirm that we have now filed the national phase application of the subject application in the USPTO on September 28, 2004 together with a Preliminary Amendment, an Information Disclosure Statement and an assignment in favor of British Telecommunications public limited company. The formal filing receipt will follow in due course.

We take this opportunity to remind you that under U.S. law, it is the duty of the applicant(s) and all others involved in the preparation or prosecution of a U.S. patent application, to promptly disclose to the U.S. Patent and Trademark Office any relevant matters known to them, including closely related patents, publications, pending applications, public uses and sales, which are material to the patentability of the claimed invention. If such matters are not disclosed within (a) three months after filing or (b) before the first Official Action or (c) within three months after first learning of such information, an extra PTO fee of \$180 must be paid. Please, therefore, immediately provide us with copies of any such information plus a concise explanation of its relevance to the claimed invention if other than in the English language.
